About GRAIDCO

GRAIDCO (Global Relief Aid and Development Company) is established in The Netherlands and offers a wide range of products and services related to Industrial Kitchen, Textile & Garment, Laundry Equipment, Bakery Equipment, Beauty & Care, Furniture, Mobile Solutions and General Relief.

The portfolio of **GRAIDCO** is amongst others focussed on supplying equipment for rehabilitation and development of education and training projects in developing countries.

Due to the demand of our customers we have decided to extend our existing program with a product group solely focussed on the supply of bakery equipment destined for projects in the field of education, refugee camps and field missions. Over the past two years **GRAIDCO** has closely co-operated with their suppliers in order to bring this specific activity to the next level. As a result of this, we can now offer you a full range of bakery equipment for your specific project.

We can supply the furniture on a regular basis, but we also have the possibility to supply on a project basis. In cooperation with the members of our business group, we can offer you a turn-key solution for your project, including consultancy, supply of furniture, assembly, installation and training.

Sustainability

We are deeply concerned about the unprecedented scale and speed of environment pollution and degradation, climate change, and depletion of natural and human resources that our business practices may cause. We believe urgent actions are needed to address these fundamental problems and reverse these trends. Our vision is to conduct our business in a way that meets the needs of the present generation without comprising the ability of future generations to meet their own needs. We recognize that ecology, human communities and economy are interwoven into a seamless net of causes and effects. Therefore we embrace the challenge to move our operations and actions toward sustainable models where the management of resources, the direction of investments, the orientation of development and the evolution of trade in general becomes consistent with the principles of sustainability.

Classroom Furniture

For projects related to education, **GRAIDCO** offers a complete range of classroom furniture & supplies. As far as it concerns to furniture, we offer chairs, desks and tables for students and desks and chairs for teachers. Thanks to the cooperation with our suppliers **GRAIDCO** is able to select the right product and quality at the right price for the client. This ensures you that the supplied equipment matches exactly the needs of your project.

Next to our furniture we offer you a wide selection of equipment and supplies especially for classrooms. In our program we have boards and screens like white boards, chalk boards, bulletin boards and free standing boards and the necessary accessories for the boards mentioned.

On request **GRAIDCO** has the possibility to supply custom made furniture that meets your specific requirements. Furniture can be shipped directly from factory to end destination where our local service team will take care of assembly and installation.

Hotel & Restaurant furniture

New international hotels, resorts, spas and themed restaurants continue to open worldwide, offering a wealth of employment opportunities. This trend is also beginning to develop in many developing countries, who have discovered that this sector can be of vital importance for the economic growth and development of their country.

For hotel and tourism training purposes we can offer you a wide range of Hotel & Restaurant Furniture. We can even offer you a turn-key solution for the provision of furniture, installation and training for specialized hospitality training centers. All the necessary furniture can be supplied to create a real life working environment for future students who want to make a career in the hotel and tourism business.

Accessing a tourism and hospitality career path has generally been an easy one due to the high staff demand around the globe. This situation remains and staff shortages in these industries remain a major headache for this industry.

Dormitory furniture

GRAIDCO offers dormitory furniture for camps, modular buildings and houses. Our products are cost effective, made of durable materials and meet standard equipment sizes. We can also advice about alternative 'standard kits' for the same relevant equipment or complimentary types of equipment which may be more cost and logically effective.

Dormitory furniture can also be supplied for establishing professional remote camps for workers in the construction, mining, oil and gas sector. Considering the remoteness of these areas, the limited facilities available in the dormitories, the fact that workers often work in 2-3-4 shifts and stay in the camps for a longer period. We can offer the workers professional facilities to make their life as easy as possible when they are not working.

For the above mentioned purposes **GRAIDCO** also offers;

- Industrial kitchen and catering equipment
- Laundry equipment
- Recreation room furniture and equipment
- Gym equipment

Office furniture

GRAIDCO offers office furniture for offices throughout the world. Our delivery program among others includes:

- Office desks and chairs for executive, managerial and secretarial level
- Storage and filing cabinets including fireproof safes
- Executive office and conference room furniture
- Partitions, whiteboards and other miscellaneous items

Our office equipment can be supplied in cohesive matching design, allowing to form standard office sets and professional office environments. Our products are durable and sturdy and will be flat packed for transportation in single units and in lots. Assembly and disassembly of our furniture is easy.

Furniture is suitable for use in field missions under a variety of field and office conditions including rough operational conditions, extreme climate conditions and limited maintenance facilities.

Portfolio

The portfolio of **GRAIDCO** goes further than the supply of Furniture. Our current portfolio consists of the product groups mentioned below.
